COVID-19 Updates and Resources

Governor Murphy recently signed Executive Order No. 142 which permits the resumption of non-essential construction, curbside pickup at non-essential retail businesses, and gatherings in cars

Non-Essential Construction:

The Order permits non-essential construction projects to resume effective at 6:00 a.m. on Monday, May 18, with certain restrictions.

Curbside Pickup at Non-Essential Retail Businesses:

The Order also permits non-essential retail businesses to allow curbside pickup of goods, beginning at 6:00 a.m. on Monday, May 18, but businesses must continue to have their in-store operations closed to customers. The following is a brief, partial list of the conditions:

- In-store operations should limit employees to those essential to curbside activities.
- Customer transactions should be handled in advance.
- Customers shall notify the retailer by text message, email, or phone once they arrive.
- Designated employees should bring goods outside and place them directly in a customer's vehicle.
- Businesses must follow social distancing practices.

Car Gatherings:

The Order states that car gatherings do not violate the Governor's ban on gatherings under Executive Order No. 107. Examples include things such as drive-in movies, religious services, drive-through farms or safaris, etc. Other

details include:

- Attendees must remain in their same car throughout the gathering, with certain exceptions.
- The vehicle must remain closed at all times, with certain exceptions.
- Individuals not in vehicles must follow social distancing and wear face coverings.
- If a gathering requires pre-payment or donations, contactless options must be offered wherever feasible.

A copy of Executive Order No. 142 with full details on all of the above can be found [here](#).

A comprehensive list of COVID-19 Business Resources is available on our website - [modc.com](https://www.modc.com).
