MODC Education Foundation News

The MODC Education Foundation is pleased to announce that they have received a \$2,000 grant from the **Investors Bank Foundation** to be used for scholarships for students who will be pursuing a career in Mechatronics, Robotics, Advanced Manufacturing, Engineering & other related manufacturing fields. The funds will be disbursed to Brookdale Community College, Ocean County College, Monmouth County Vocational School District and Ocean County Vocational Technical Schools (\$500 each), and used for scholarships for students who are pursuing an alternative education from the traditional two and four year college path. All of these educational institutions are partners in a statewide initiative called MechaForce. MODC will recognize these students next fall as recipients of the **Investors Bank Foundation** named scholarships.

We would also like to take this time to thank all of our "Named Scholarship" Donors from this past year, all of whom donated a minimum of \$500 towards our scholarship fund.

Karen Escobedo, MBA

Manager of Community Outreach
New Jersey Natural Gas

Karen Escobedo joined NJNG in 1998 and, as Manager of Community Outreach, she serves as liaison to the community. Karen is actively engaged in meeting the needs of neighborhoods throughout Monmouth, Ocean and Morris counties. Additionally, she oversees NJNG's Home Ownership Program, which provides housing opportunities to low-to-moderate income families.

Karen also coordinates NJNG's Charitable Giving Program that assists many of our community partners. She serves on the board of organizations such as the Brookdale Community College and Ocean County College Foundations, Morris County Economic Development Corporation, EarthShare New Jersey, Greater Monmouth Chamber of Commerce and Monmouth County Workforce Development Board.

New Jersey Natural Gas (NJNG) has kept customers' homes warm and businesses running throughout Monmouth and Ocean counties for over 60 years. They are dedicated to enhancing their customers' quality of life by meeting their expectations for safety, reliability and value in an environmentally responsible way, every day.

Business \$ense

Financial Football: do you have a playoff-caliber game plan?

As we near the end of the football season, the contenders are finally starting to emerge. Sports can be very exciting; financial and business planning - not as much. But there are many common themes with both, some of which include: having a formidable game plan with coaching improvements; building an effective complementary attack (offense and defense); considering the many x-factors (special teams); making adjustments to specific circumstances (in-game coaching); and most importantly - developing a dynamic and flexible program, which can take years to reach its potential legacy (dynasty building).
